Protect Your Arc Kit
with SGB-100 Bag

ARC Kits

Meeting the head and face
protection requirements
of NFPA 70E-2015 PPE
Category 1 & 2.

Product Features:

- Many Electrical Utility and Construction Companies utilize Full Brim Hard Hats for their predominantly outdoor activities.
- The NEW VOLT®FB Full Brim hard hat and VB65 full brim Visor Bracket combine with the ArcFit™ 14 Arc Flash Face Shield to create the CUARC7BASIC Kit.
- The CUARC7 Kit adds the soft, comfortable HD-ARC-FR3 two ply Balaklava, Quattro reusable plugs and Xenon eyewear for a more complete kit for Arc Flash Protection.
- These Kits comply with NFPA 70E, Arc Flash PPE Category 1 & 2, Components of the Electric Power Generation, Transmission and Distribution Maintenance and Construction (29 CFR 1910.269 and 29 CFR 1926, Subpart V) requirements for Arc Flash Protection in these industries.
- The CUARC7 Kits are lightweight and allows unmatched freedom of head motion.
- The VB65 Visor Bracket is non-conductive and stores the face shield out of the way in an evenly balanced position to reduce workplace interference and improve comfort and reduce fatigue.

ELVEX® ARC Shield kits include arc shield, hard hat, visor brackets/slot adaptors, balaclava, clear safety glasses and hearing protection (Quattro Reusable Ear Plugs or QuickSnap Cap Mounts) suitable for use for Hazard/Risk Categories (HRC) 1 and 2. Except for CU-ARC-7BASIC which will include only the arc shield, hard hat, visor bracket. See chart below.

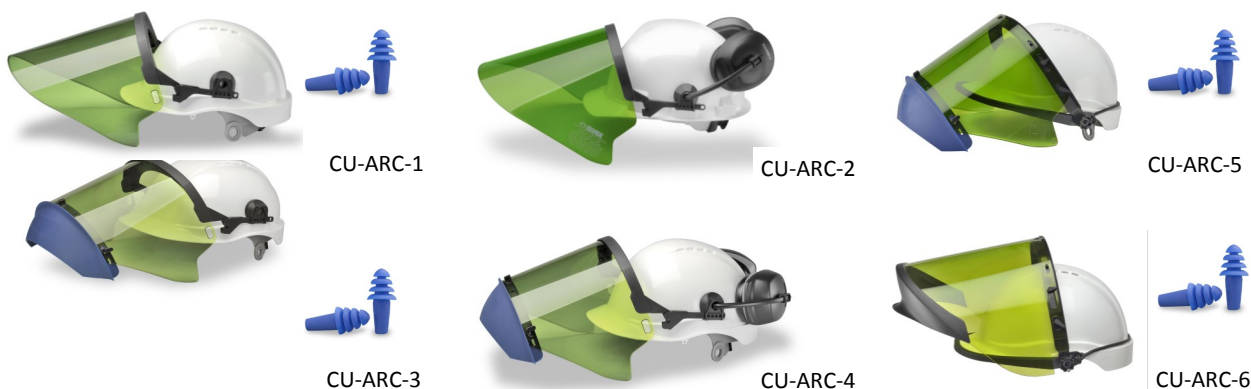

Kit No. (Cal Rating)	Safety Helmet	Arc Shield	Balaclava	Visor Bracket Slot Adaptor	Eye Protection	Hearing Protection
CU-ARC-1 (12 cal)	Tectra cap, SC-50-6R	FS-18ARC10	HD-ARC-FR3	VB-30/SA-29	SG-14C	Quattro Ear Plugs*
