Go-Specs™

For demanding environments
with wind, dust, sand,
or airborne debris.

Product Features:

Dual ventilation ports around lens and large side temple ports allow air circulation for superior anti-fog performance and wearer comfort.

Pantoscopic angle adjustments on every frame allows for a comfortable customized fit.

Soft foam comfortably fills the gap between your face and lens.

Long lasting EVA closed cell foam resists body oil and sweat.

Oversized wrap lenses provide extended field of vision.

Coated in SuperCoat™ anti-Fog for long lasting anti-fog performance.
