www.deltaplus.eu

An optimal compromise between, comfort, performance and adjustability

COMFORT

Foldable

- 4 panel design provides close seal for optimal fit

Fastening system

- Welded tubular textile straps for an optimal comfort
- No metallic staples for a reduced risk of contamination
- Perfect fit for hearing protection compatibility

NOSE PART & FIELD OF VIEW

Specific design and integrated nose clip

- Sculpted nose panel to improve eyewear compatibility
- Perfect sealing between the nose and the eyes
- No visible metallic parts

ADJUSTABILITY

4 panels exclusive innovation

- "One size fit all": Fits to all face sizes and shapes
- Unique design aids comfort and accommodates greater facial movement

PRACTICALITY

Foldable

- Ease of storage and transport in pocket

Individual package

- Better hygiene and helps protect respirator face piece from contamination before use

PERFORMANCES

Breathability performances

- Lower breathing resistance
- Soft foam for better comfort and sweat absorption

High performance valve

- Reduces fog effect
- Better heat and humidity dissipation
